The undersigned does hereby certify that 1) The undersigned, and not the cooperative, is solely responsible for the accuracy of the information contained in this application, 2) all rules of the Premium Efficiency Motor Rebate program have been followed, and 3) the installation is complete. Further, the undersigned acknowledges that nothing contained in the application shall impose any liability on the cooperative for the work performed and information presented by the member's engineer, contractor or vendor. Connexus Energy will be referred to hereafter in this application as "the cooperative".

I verify the information on this application is correct and request consideration for participation in this program.

Member signature _____ Date _____

How to Apply for This Rebate

1. Fill out and sign the Business and Vendor Information sections, page 1.
2. Fill out the Equipment and Rebate information section, page 4.
3. Attach a copy of the paid, itemized invoice(s). Be sure that the quantity, make model number, unit price appears on the invoice. Sending inadequate invoice documentation or incomplete/incorrect forms will delay the rebate payment.
4. Make a copy of this document for your records.
5. Mail completed form by November 16 to Connexus Energy 14601 Ramsey Blvd, Ramsey, MN 55303.

Application # _____

Specific Rules and Qualifications

The cooperative offers rebates to qualifying members who purchase and install qualifying motors (not rewound or repaired motors) in retrofit applications.

1. Rebates will apply only for new premium efficiency motors (not rewound or repaired motors) for retrofit installations only.

- Rebates for retrofit applications are only available where a non-NEMA (National Electrical Manufacturers Association) premium efficient motor existed and a new NEMA premium motor will take its place.

2. Rebates apply to motors from 1 hp to 200 hp when they meet or exceed premium efficiency standards and offer the following features:

- AC Polyphase induction motor
- Squirrel cage rotor design
- NEMA design B torque characteristics
- Synchronous speeds of 3600, 1800, 1200 rpm

3. The nameplate of the new motor must clearly state the NEMA nominal premium efficiency in order to qualify for rebates.

4. Motors greater than 200 hp must be evaluated with the Custom Energy Rebate program by the cooperative.

NEMA Premium Efficiency Motor Standards

Open Drip-Proof (ODP)				Totally Enclosed Fan-Cooled (TEFC)			
HP	1200 RPMs	1800 RPMs	3600 RPMs	HP	1200 RPMs	1800 RPMs	3600 RPMs

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by the cooperative. The cooperative shall not be responsible or liable for any personal injury or property damage caused by this equipment. The cooperative does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall the cooperative be liable for any incidental or consequential damages.

Other Important Program Rules

1. Installation must be complete before rebate funds will be issued.
2. Members and vendors must submit itemized equipment invoices, along with rebate application and worksheet, to the cooperative. To ensure that the equipment installed meets the cooperative's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, as well as information regarding the manufacturer and model numbers for all motors included in the rebate.
3. The cooperative reserves the right to conduct random inspections of installations.
4. Members must apply for 2012 rebates no later than November 16, 2012.
5. Rebate must comply with all program specific rules and qualifications (see complete list of rebate specific rules).
6. The maximum rebate amount shall be the lesser of 50 percent of the project cost or \$100,000.
7. The member is responsible for checking with the cooperative to determine whether funding is available and to verify the program parameters.
