The undersigned does hereby certify that 1) The undersigned, and not the cooperative, is solely responsible for the accuracy of the information contained in this application, 2) all rules of the Fractional HP Motor Rebate program have been followed, and 3) the installation is complete. Further, the undersigned acknowledges that nothing contained in the application shall impose any liability on the cooperative for the work performed and information presented by the member's engineer, contractor or vendor. Connexus Energy will be referred to hereafter in this application as "the cooperative".

**I verify the information on this application is correct and request consideration for participation in this program.**

### How to Apply for This Rebate

1. Fill out and sign the Business and Vendor Information sections, page 1.
2. Fill out the Equipment and Rebate information section, pages 3-4.
3. Attach a copy of the paid, itemized invoice(s). Be sure that the quantity, make, model number and unit price appears on the invoice. Sending inadequate invoice documentation or incomplete/incorrect forms will delay the rebate payment.
4. Make a copy of this document for your records.
5. Mail completed form by November 16 to Connexus Energy 14601 Ramsey Blvd, Ramsey, MN 55303.

Application # \_\_\_\_\_

## Specific Rules and Qualifications

The cooperative offers rebates to qualifying members who purchase and install qualifying new motors (not rewound or repaired motors) in new or retrofit applications.

1. Rebates for retrofit applications are only available in the case where an existing fractional ac motor of comparable size is in place. Replacement of existing ECM or brushless DC motors do not qualify.
2. Rebates apply to motors from 1/64 hp to 3/4 hp.
3. The nameplate of the new motor must clearly state the efficiency in order to qualify for rebates.

4. Motors greater than 3/4 hp must be evaluated through the Custom Energy Rebate program by the cooperative.
5. Motors controlled to vary speed depending on load conditions may qualify for the variable speed rebate of \$30/cumulative HP under the VFD prescriptive rebate.

## Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by the cooperative. The cooperative shall not be responsible or liable for any personal injury or property damage caused by this equipment. The cooperative does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall the cooperative be liable for any incidental or consequential damages.

## Other Important Program Rules

1. Installation must be complete before rebate funds will be issued.
2. Members and vendors must submit itemized equipment invoices, along with rebate application and worksheet, to the cooperative. To ensure that the equipment installed meets the cooperative's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed.
3. The cooperative reserves the right to conduct random inspections of installations.
4. The member is responsible for checking with the cooperative to determine whether funding is available and to verify program parameters.
5. Rebate must comply with all program specific rules and qualifications.
6. The maximum rebate amount shall be the lesser of 50 percent of the project cost or \$100,000.
7. Qualifying members must apply for 2012 rebates no later than November 16, 2012.
