It is preferred that a survey is included with the application. If a survey cannot be provided, please draw a sketch below or attach a pdf; as you are facing the lot from the street. Include the location of the meter and any buried private facilities or obstacles on your property that were selected on your application.

1. All buried private facilities (such as well, septic, drain tiles, irrigation systems, underground fencing, tanks, consumer-owned electric or gas lines, etc.) located on this property must be clearly marked at the job site by the customer.
2. To avoid delays, please make sure your lot is graded to within 4" of final grade, and the 10' pathway for our trench is clear of all obstructions (dumpsters, building materials, trees, stumps, etc.). Connexus Energy is not responsible for restoring, to it's original condition, the lawn, yard, land, etc., which will be disturbed during installation.
3. Preferred meter location is on the same side of house as electric stub and within 15' of closest corner. If it is not, additional charges will apply. If unsure of location of electric stub, please call Connexus Energy at 763.323.4214.
4. Meter socket must be attached and inspection must be complete prior to service installation. If not, services will not be installed and additional charges will apply.
5. Winter construction charges are effective from November 1 through April 1. To avoid these charges, work requests must meet all of Connexus Energy's requirements prior to November 1.

By signing below I acknowledge I **have read and understand the Conditions of Service**. I also understand that my service will not be scheduled until I have met all of the necessary requirements, provided an approved electrical permit or state/local inspection card to Connexus Energy, and Connexus Energy has applied for and received all necessary permits.
